## **MindStream Analytics Joins Global Managed Services Alliance**

**BOSTON, MA** – MindStream Analytics, a leading Enterprise Performance Management consulting and managed services firm focused on helping clients improve business understanding and decision making, is proud to announce its partnership with an elite group of Business Intelligence and Managed Services experts in the Global Managed Services (GMS) Alliance.

The Global Managed Services Alliance is a network of premier managed services providers from around the globe. Members of the alliance are recognized in their areas of service for excellence in subject matter knowledge and service excellence. The GMS Alliance allows its members to provide managed services in specialized areas throughout the world. The alliance accepts members whose expertise in specialized fields is recognized through achievement in their areas of service offerings. Future members are subjected to a variety of tests and checks to ensure their skill level and level of service.

“We are honored to be a certified application managed services provider for the GMS Alliance,” said Mark Gregoire, Partner and EVP Sales at MindStream Analytics. “The Alliance recognizes MindStream to be among a small group of highly skilled managed services firms and enables us to deliver follow-the-sun support for our U.S. based global clients.”

Other members of the GMS Alliance group include Inplenion, a company providing Enterprise Performance Management and Business Intelligence Managed Services expertise to its Middle East & Africa Customers with a local presence, and Taysols, a specialist Managed Services firm dedicated to helping clients address modern-day Enterprise Performance Management (EPM), Business Intelligence (BI), and Corporate Sustainability challenges.
