MindStream Analytics to Present at NEOAUG Spring Conference

Boston, MA – May 18, 2010- The Company announced today that Alex Ladd, Sr. Partner MindStream Analytics, will be presenting: Fusion 11.1.2 Smart View and You! at the NEOAUG Spring Conference June 14th 3pm in the Jr. Ballroom Worcester DCU Center, Worcester, MA.

With the new release of Smart View 11.1.2, Oracle has made an enormous leap forward in the usability of the EPM suite of applications. Improved connection management, better web parity with Hyperion Planning, ad hoc capabilities with Hyperion Planning web forms and extensions are all part of the new features that will be explained to end users so they can begin leveraging the power of the new Smart View. Since most of the features and functionality of this improvement are available to users who have a 9.3.1 version of the application many people will benefit from learning the new power of Smart View.

The NEOAUG Spring conference and Training day is run by Oracle users for Oracle users to facilitate the use and understanding of Oracle products. This year's Spring Conference will feature Keynote Speaker Cliff Godwin, Sr. Vice President Applications Development, Oracle Corporation. Join us as Mr. Godwin delivers an update on the Oracle E-Business Suite product line. The sessions covers the value delivered by the current release of Oracle E-Business Suite applications, the momentum and how Oracle E-Business Suite applications integrate into Oracle's overall applications strategy. You'll come away with an understanding of the value Oracle E-Business Suite applications deliver now and in the future.
