MindStream Analytics Receives 2015 Boston Award for exceptional success in the Business Services category

Boston, MA – MindStream Analytics has been selected for the 2015 Boston Award in the Business Services category by the Boston Award Program.

Each year, the Boston Award Program identifies companies that they believe have achieved exceptional marketing success in their local community and business category. These are local companies that enhance the positive image of small business through service to their customers and our community. These exceptional companies help make the Boston area a great place to live, work and play.

Various sources of information were gathered and analyzed to choose the winners in each category. The 2015 Boston Award Program focuses on quality, not quantity. Winners are determined based on the information gathered both internally by the Boston Award Program and data provided by third parties.
