FOR IMMEDIATE RELEASE
JULY 27, 2015

MindStream welcomes global technology steward Michael Myers to the team

Boston, MA – MindStream Analytics, a leading consulting and managed services provider, announced the addition of Michael Myers as Vice President of Technical Services to the MindStream Analytics team. Michael brings with him over 15 years of experience in the Information Technology, Managed Services, Enterprise Performance Management (EPM), and Business Intelligence (BI) space.

"I am excited to welcome Michael to the team," says Alexander Ladd, MindStream's CEO & Senior Partner. "His professional services leadership experience is second-to-none in the industry, and our clients will also benefit immensely from his technical expertise."

As a long-time leader in the professional services space, Michael delivers a depth of experience at the intersection of management and technology, a match for the company whose offerings satisfies those seeking a balance of technical services with managerial insight for their enterprise systems. Over the course of his career, Michael has held leadership roles at a number of professional services organizations, including Hyperion Solutions, Inc., ISA Consulting LLC, and Ernst & Young LLP. He comes directly from leading the infrastructure services practice for a global consulting organization, and will deliver these strong managerial and technical competencies to MindStream clients.

His professional services leadership experience is second-to-none in the industry, and our clients will also benefit immensely from his technical expertise.

Alexander Ladd
CEO & Senior Partner
MindStream Analytics

Leading the Technical Services team, Michael will be responsible for overseeing MindStream's managed services business, as well as leading MindStream's technical consulting team.

Leveraging his technical experience in implementations of EPM and BI systems at Fortune 1000 companies for the past two decades, Michael will provide MindStream clients best-in-breed technical and management advisory services. In addition, Michael will serve as the technical steward for the integration of new technology solutions into the MindStream Analytics portfolio.

About MindStream Analytics
MindStream Analytics, headquartered in Boston, MA, is a leading consulting and managed services provider. Our team is made up of business and technical experts that believe in the **power of data**.

We know that, to not only survive but, to excel in today's environment, organizations _must_ have insight across the organization to enable actionable financial decisions that achieve positive business results; those that accomplish this **win with data**.

We love challenging work—the messier the data, the better. We're the partner to turn unruly, chaotic data into meaningful information for better, faster, and more accurate decision-making. _We know finance; we get it._

MindStream has been recognized by _CIO Review_, ProformaTech, and others for our innovative thinking and business analytic applications expertise. In 2015, MindStream was named by MSPmentor as one of the "Top 501 Managed Services Provider."
