ORACLE® Oracle (NASDAQ: ORCL) is the world's largest enterprise software company. MindStream is an Oracle Certified Gold Partner and specializes in Oracle's Hyperion EPM Platform of products. For more information about Oracle, please visit www.oracle.com.

IBM Business Partner IBM (NYSE: IBM) new service line, IBM Business Analytics and Optimization Services will draw on the company's deep expertise in vertical industries, research, mathematics and information management to help clients both improve the speed and quality of business decisions while better understanding the consequences and business outcomes of those decisions. The emergence of new smarter systems which are interconnected and streaming real time information are presenting business and governments with a unique opportunity to transform decision making. New opportunities to use this data to predict business outcomes, optimize old systems and spot trends before they happen are actually a reality.

Secure-24 Secure-24 provides managed hosting, disaster recovery and managed services for the mission-critical IT applications of industry and government. A deep knowledge of ERP systems, industry leading infrastructure and state-of-the-art data centers allows Secure-24 to deliver highly available and scalable solutions to organizations that need to meet rigorous compliance metrics (i.e. SAS 70, HIPAA, SOX, GLB, ISO, FFIEC). Secure-24 is a certified SAP Hosting Partner with a broad SAP Basis Competency Center and a certified Oracle® Partner for hosting Oracle Enterprise Performance Management (EPM) solutions such as Oracle E-Business Suite, PeopleSoft, JD Edwards and Hyperion.

board BOARD International is the global leader in the Business Intelligence and Performance Management Toolkit space.
